Off-Agenda Memorandum

Date: June 3, 2019

To: Honorable Members of the Board of Supervisors
Jeffrey V. Smith, County Executive

From: Don Rocha, Director, Parks and Recreation Department 

Subject: **Off Agenda Report on Boundary Fencing at Sanborn County Park**

This is a follow up memorandum to the original Off Agenda Report distributed to the Board on May 31, 2019 regarding boundary fencing at Sanborn County Park. Mr. Steven Sharp brought forward a concern regarding trespassing and the current boundary fencing condition between Sanborn County Park and his adjacent property.

At the time of the May 31st Off Agenda Report, the Parks Department had reached out to Mr. Sharp through multiple phone calls regarding boundary fencing but had not yet received a response back. Since that time the Department has received a call back from Mr. Sharp and staff had a phone conversation with him regarding his concerns about the boundary fencing. During the phone conversation, the Department discussed fencing options that would balance Mr. Sharp's needs and the Department's operational needs as well as environmental and wildlife sensitivities.

Mr. Sharp was amicable to working with the Department on the issue of boundary fencing and appeared to understand the limitations and constraints of the Department with regards to fencing type and location. He is also aware that a mutually acceptable alternative will need to be determined that addresses his concerns and is consistent with the Department's fencing practices. Staff will be working internally to determine the location and fencing type that meets the needs of the Department and will continue outreach with Mr. Sharp to discuss how to approach implementation of a mutually agreeable solution.
